# Annotationen

The screenshot shows a web browser window titled "Annotations" with the URL `annotations.cast.switch.ch/clips/1a/9xkyyo/annotate.html?token=h1dVe4ZPm28N7y55d8gtbvmaZtrk9mjY6HstIPFOQrh0RF666JENFhrYsry0sifuwQ28HNSHTgd`. The browser's address bar shows the domain `annotations.cast.switch.ch` and the page title is "Annotating Academic Video - v0.9.3 (January 28, 2013)".

The main content area is divided into several sections:

- Video Player:** On the left, a small video player shows a woman presenting. On the right, a larger video frame shows a man (Theodore Zeldin) speaking. A green text box is overlaid on the video with the text: "The kind of conversation I'm interested in is one in which you start with a willingness to emerge a slightly different person." Below this text, it says "Theodore Zeldin Conversation". A caption below the video frame reads "Theodore is an Oxford Historian".
- Annotation Editor:** On the right, there is a text input field with the placeholder "Write a free text annotation. Use »shift« + »return« keys to create a new line." Below the input field are buttons for "Pause video during writing" and "Insert". There are also tabs for "All", "Public", and "Mine", and a checkbox for "Edit mode".
- Timeline:** At the bottom left, a timeline shows a video duration from 00:00 to 00:45. A track labeled "Default Mar..." contains a red box labeled "Dialog" between approximately 00:12 and 00:30.
- Annotation List:** At the bottom right, a list of annotations is shown. The first entry is "Definition von Cafe" from 00:06:26 to 00:08:31, with 0 comments. The second entry is "Dialog" from 00:12:00 to 00:30:24, also with 0 comments.
